ANUJ YADAV

anujyadav5272@gmail.com || +91 7415034244

DATA SCIENCE ENGINEER **github** || **LinkedIn**

Data and Machine Learning enthusiast focused on transforming raw data into meaningful insights. Skilled in Python, SQL, and algorithmic problem solving with hands-on project and hackathon experience. Passionate about continuous learning, collaboration, and developing scalable data-driven solutions.

PROJECTS

- **Smart Attendance System Using Face Recognition**

Developed a Smart Attendance System using Python that automates student registration, attendance marking, and record management through a user-friendly interface. The system uses modular Python scripts with an SQLite database for persistent data storage and efficient attendance tracking.

Github: https://github.com/anujjyadav/smartattendance.git

- **Traffic Flow Optimization (Hackathon winner)**

Built an AI-based Traffic Flow Optimization system that uses YOLOv5 to analyze real-time vehicle density and dynamically adjust traffic signal timings for improved traffic management. Developed using Python with PyTorch, Pygame, NumPy, and multithreading to simulate and control adaptive traffic signals.

Github: https://github.com/anujjyadav/Traffic-flow-optimization

SKILLS

Python | SQL | Data Analysis | Machine Learning | Pandas | NumPy | Scikit-learn | Jupyter Notebook | Data Visualization | Excel | Dashboard Development | Pivot Tables

EXPERIENCE

- **Data Science & Analytics Intern** **06/2026 - 07/2026**

The Developers Arena, India

Completed eight internship tasks spanning Python programming, data analysis, sales dashboards, statistical analysis, and business insights

- **Machine Learning Intern** **05/2026 - 05/2026**

SaiKet Systems, India

Applied data preprocessing, exploratory analysis, feature engineering, and machine learning techniques to predict car prices and passenger survival. Analyzed unemployment trends using Python to identify meaningful patterns and insights in the data.

EDUCATION

B.tech | Jagran Lakecity University Bhopal	2023 - 2027 (Pursuing)
12th | ST. Franics Co-Ed School Barrai Bhopal	2022 - 2023
10th | ST. Franics Co-Ed School Barrai Bhopal	2020 - 2021

ACHIEVEMENTS

Smart synergy Hackathon Career College

Secured 2nd place in Hackathon 2025 under the "Smart Synergy: AI, Robotics & IoT" theme at Career College, Bhopal, representing Jagran Lakecity University.

National Level TechHack 2.0 Hackathon Oriental Institute Of Science & Technology

Participated in the National Level TechHack 2.0 Hackathon (2026) at Oriental Institute of Science & Technology, Bhopal, representing Jagran Lakecity University and contributing to innovative problem-solving and teamwork.

National Student Conference (RAEMPS 2025) SIRT College

Presented a paper on Artificial Intelligence and Machine Learning at the National Student Conference (RAEMPS 2025), SAGE Group of Institutions, Bhopal
